# FUN FACTS

#### Kristy Caradori

I was born in Vienna, Austria and have lived in 10 different places. I love to travel. Some of my favorite trips have been to France, Switzerland, Scotland, and Tanzania. New Zealand is on my bucket list. I am new to town. I moved here 18 months ago for my job at Spartanburg Regional Foundation. I am passionate about access to and quality of healthcare for all citizens. My "big" dream as a child was to be a famous singer. Sadly, I am completely tone deaf. Some of my favorite things about Spartanburg include: The friendliness of the community, The Cottonwood Trail, The Hub City Bookshop, Lime Leaf restaurant. Multiple options for tasty, messy burgers topped with pimento cheese and fried green tomatoes – a new, Spartanburg-acquired splurge. I am enjoying Rotary and feel blessed to be so warmly welcomed.

# Pianist Wanted

We could use another pianist to fill in on occasion. If you can help our club with your talent, please contact President Hank or Harry Morris.
